

# Pre IB Courses for Exam May 2021

## Overview

Learn the key skills that you need in order to succeed in the IB Program. Get a head start on some of the things you will be learning over next two years. Prepare for the IB and be inspired by experienced IB teachers and successful IB graduates. This course is designed for students who take the exam in May 2020.

## Goals

1. Become familiar with the IB curriculum and rigor.
2. Improve your study skills and become a confident student.

## Specifications

The course structure can be customized to your needs. The Core Pre IB Course will introduce you to the skills and fundamental concepts that will occur in the next

two years of study. You will get an overview about Social Studies, Maths, English, Extended Essay, ToK. The Core Pre IB Course + Sciences will help you to ace your science subject(s) in addition to the Core skills.

## Workshop Locations

We offer our IB Fit trainings in Orlando (USA), Berlin (Germany) and Barcelona (Spain). Enjoy the opportunity to explore American or European culture while you improve your study skills.

All courses include

- Teaching from experienced, trained, specialist IB teachers or IB graduates
- Small teaching groups (max 12 in subject specific classes)
- Written reports for student and parents
- Binder with helpful material for review
- On site experienced IB coordinator
- Opportunity for cultural excursions, sports and social activities.
